Distributed Systems

(Professional Elective-II)

UNIT-1: Characterization of Distributed Systems

S.No.	Topic	Have you attended on that day ?(Yes/No)	Did you understand the topic ?(Yes/No)
1	Introduction		
2	Examples of Distributed systems		
3	Resource sharing and web		
4	challenges		
5	System models -Introduction		
6	Architectural and Fundamental models		
7	Networking and Internetworking		
8	Inter-process Communication		
9	Distributed objects and Remote Invocation - Introduction		
10	Communication between distributed objects		
11	RPC		
12	Events and notifications		
13	Case study-Java RMI
